Vision
To become an internationally recognized university that contributes towards the development of nation through excellence in education and research.

Mission
To remain committed to the attainment of highest standards in teaching, learning and research, at par with the international standards.
Welcome to Bahria University

Bahria University is one of the leading public sector universities of Pakistan, which is dedicated to meeting the many complex challenges facing us today. The university has campuses, research institutes and colleges all over Pakistan which work towards grooming today's youth into becoming tomorrow's leaders. We provide a platform for promising minds to come together, pioneer new thought and serve the world around them. And for this we provide the right mix of faculty, resources, environments and technology so that both learners and teachers are inspired to create, to explore, to discover, to challenge and to lead.

At Bahria it is our vision to make our university the best educational institute in the country. Our strategy to achieve this vision is to ensure that theory and practice go hand in hand. We would like to open all the doors for promoting the research potential of the students, which will enable them to use their academic knowledge for practical projects. To this end we have built bridges between the University and the corporate sector, opening the way for research, and making students apply their academic skills to practical projects.

And we aim for all this to take place in a university environment that is safe and friendly, and at the same time disciplined, as envisaged by the Quaid e Azam. Because we feel that along with studies it is equally important to develop the good old values of character, decency, honesty and consideration for one another.

We believe that young people should have a say in shaping their destinies, we therefore help them to discover their potential, prepare for life and help make a positive impact on the world around them. The unusually high youth population of Pakistan presents a wonderful opportunity for us to play a role in motivating young people to be passionate about rendering positive service to society, and make them be able to do so. Because real fulfillment for any person lies in service to his fellow human beings.

We are headed for a future in which educational institutions will increasingly be judged by the quality of the education they provide, by the kind of people they graduate and by the way in which those graduates choose to lead their lives. And we at Bahria University have been striving constantly to meet these challenges.
The Board of Governors of Bahria University is the supreme governing body for all major policy matters concerning the University and its constituent units/colleges. Chief of the Naval Staff is the Chairman of the Board of Governors as well as the Pro-Chancellor of the University.

Rector Bahria University meeting with Chairman PTA
Bahria University (BU) is a Federally Chartered Public Sector University which was established on 7th February 2000 through a Presidential Ordinance. It is a multi-campus institution of higher education, which is committed to attain the highest standards in teaching, learning and research, compatible with global requirements of practicing different professions. The University is widely recognized for preparing professionals, some to assume roles of future leaders and some to become good executives/managers through development of their physical, mental, moral and professional competence. The enrollment of students has crossed 11,000 in the three campuses located in Islamabad, Karachi and Lahore.

Islamabad
Bahria University’s main campus is situated in the capital city of Pakistan Islamabad, in lush green scenic surroundings. Islamabad has an International Airport accessible by all major airlines of the world. From the Airport, Bahria University is about 40 minutes drive by taxi/cab, which is easily available (cost approximately Rs. 500 or US$ 5).

The University is located in Sector E-8, Naval Complex, in the heart of Islamabad. The temperatures are extreme; in winters the temperature ranges from 0° C to 18° C (Dec-Feb). Summer temperatures are between 20° C to 44°C (May-Sep). Jul-Aug season brings lots of rain in Islamabad due to NW Monsoon. Cost of living with food is around Rs. 10,000 per month (US$110) in hired hostels arranged by the students privately, close to the University.

Karachi
Karachi has an International Airport serving all major airlines of the world. Bahria University campus is located at 13, National Stadium Road, about 15 minutes drive from the Airport by taxi, which is easily available (cost approx Rs. 500 or US $5).

Karachi’s temperatures are moderate throughout the year. July and August are rainy months in Karachi. Limited hostel facility is available for male students in 14C, 25C Muslim Commercial DHA Phase - 6 Karachi. Cost of living is approximately Rs. 18,000 to Rs. 20,000 per month (US$200). Other students have to make accommodation arrangements on their own.

Lahore
Lahore is the capital of Punjab and has an international airport accessible by all major airlines of the world. Bahria University Lahore campus is located at Civic Centre Johar Town. From the Airport, University is about 30 minutes drive by taxi/cab (cost approximately Rs. 500 or US$ 5).

Lahore features a five season semi-arid

Public Relations Office
At Bahria, Public Relations Office (PRO) is working as control room between the university and external linkages. It enables easy communication to meet the growing requirements of the institution. It gives all the information related to the current happenings, changes and improvements made in the university. It uses media as a mean to improve relationship between organizations and the University. Tasks and responsibilities of Public Relations Office are:

- To serve as a focal office for all media & public relations activities of the University.
- To arrange appropriate media coverage (Print & Electronic) for important academic and non-academic activities organized by the University.
- To establish process to generate and translate (in bilateral languages) a steady volume of press releases of activities of the university.
- Respond to requests for information from the media or designate an appropriate spokesperson or information source.
- To prepare and write university write-up profiles and articles for different Newspapers, Educational Magazines and Newsletters.
- To prepare and supervise University Newsletter of BU and also maintain PR website for the publicity of university.
- To work with advertising companies and supervising Media Marketing Campaign for different activities of the university.
- To Prepare and supervise the production of approved promotional videos, photographs, multimedia programmes, publicity brochures, handouts and leaflets.
- Establish and maintain cooperative relationships with representatives of community and public interest groups.

Office of Research & Development/ORIC
In order to promote knowledge creation through research at Bahria University, Office of Research & Development (R&D) was established in February, 2010. The R&D Office soon after its establishment channelized all
the research activities of Bahria University (BU). Research databank of BU was developed by the office of R&D which now consists of 1,277 research publications including 710 journal publications and 426 conference papers. The office of R&D is regularly conducting biannual meetings of Higher Education Research Committee (HERC), an apex academic body of BU responsible for giving out policy directions for the promotion of Research & Development at BU.

The Office of Research Innovation and Commercialization (ORIC) was notified at BU by Higher Education Commission of Pakistan in October, 2011. Bahria University is one of the few elite research universities of Pakistan which has a functioning ORIC. The ORIC of BU is providing strategic and operational support to the BU’s research innovation and commercialization activities/programs, and has a central role in facilitating the University industry linkages for commercialization of research.

In order to inculcate the spirit of innovation and entrepreneurship among its researchers, students and faculty, the university has setup Business Incubation Centre (BIC) at its Islamabad and Karachi Campuses. Additionally, the university is Privileged to host Microsoft Innovation Centre at its Karachi Campus for the benefit of budding entrepreneurs particularly in the field of ICT.

Bahria Business Club (BBC)
Department of Management Science has recently established ‘Bahria Business Club’ (BBC) at the Islamabad Campus. The club develops student potentials in areas of applied knowledge. It plans activities to prepare young students for various types of professional competitions and test their business skills and ingenuity to solve problems pertaining to business world. It encourages students to compete with their peers in other universities and also polish their leadership abilities.

Students Resource Center (SRC)
SRC facilitates students and provides them the opportunity to develop their management, communication, team building, social and leadership skills. In this globally competitive age, it is imperative to provide students with opportunities to develop and hone the said skills.

Following clubs are currently working under SRC:
1. Arts and Dramatics
2. Literary and Debates
3. Media
4. Events
5. Music

Each club is managed by the SRC and headed by a chief coordinator, under whom a deputy coordinator and team leaders are nominated according to the requirements. Team leaders report to the deputy coordinator. Under each team leader there are club members who provide assistance in accomplishing the assigned tasks.

ARTS & DRAMATICS
This club lets you release your artistic talents through a series of activities and competitions. These include painting competitions, drama mime, fashion shows, and many more.

LITERARY & DEBATES
The club is dedicated to bring together debaters for holding parliamentary, HEC, inter university, national and international debates.
competitions. The members of this club have made a name for themselves by participating in the Model United Nation’s, the English Speaking Union and by holding regular in-house debates.

MEDIA
Media club brings together young journalists, publishers, photographers, amateur directors and almost everyone interested in the print and electronic media. It is also responsible for providing media coverage to events within the university, publishing magazines and organizing movie nights.

EVENTS
The club hosts a variety of informational, entertaining and social activities throughout the semester including seminars, trips, concerts, spring festival, etc.

MUSIC
The main objective of the Music Club is to expose and nurture talent of the student representation of the university nationwide, and to provide a platform for musical experiences and exposure for the existing bands in the university. Music society also holds regular jam sessions.

Bahria University Sports
The importance of sports in the life of students is invaluable and plays a pivotal role in their overall development.

With this perspective in view, the University provides many opportunities and facilities to its students to participate in international, national and university level sports. In the academic year 2009-10 Bahria University won four inter-university competitions in hockey, table tennis, cricket and basketball.

GOLF
In Islamabad, the facility of a new 18-hole Margalla Greens Golf Club, located at base of the Margalla hills, is available for Bahria University officers, personnel, faculty and students. The golf course membership is free for the students, faculty and staff of Bahria University. As an additional attraction the semicircular club house, which resembles the stern of a ship, offers a wide range of social activities and recreational facilities for its members and their families.

GYMNASIUM
A new Gymnasium in collaboration with HEC has been constructed at the Islamabad campus. It is a multi-storey structure having a wide range of indoor games facilities: courts for basketball, volleyball and badminton, a fitness room equipped with the latest machines and a cafeteria, built at a cost of over 70 million rupees.

Sports Achievements
Bahria University participated in various sports activities in the years 2011-13. Following are the sports achievements of Bahria University since 2011:

- Winner of zone C Inter University Basketball Championship 2011-12.
- Winner of zone C Inter University Hockey Championship 2011-12.
- Winner of zone C Inter University Hockey Championship 2012-13.
- Mr. Bilal Ahmed from BU Karachi Campus produced excellent results in Inter University Rifle shooting event. He won Gold Medal in National Games while representing HEC. He also represented HEC in World University Games 2013 in Russia.
Ms. Sana Mehmood, a student of BU Islamabad Campus remained the captain of Pakistan’s National Football team and a key player of HEC Basketball team.

Mr. Uzair Ahmed student of BU Islamabad Campus was a key Basketball player of HEC team in National level events.

Faculty Development Program
The faculty has a major influence on the entire academic spectrum. The continuing development of the faculty and University’s physical infrastructure are two concurrent activities, which go hand in hand in achieving long term objective of the institute, i.e. attainment of highest standards in teaching, learning and research at par with international standards. The University therefore encourages and supports its faculty to regularly attend workshops/conferences scheduled within the country and abroad.

Scholarships at Bahria University Islamabad
Bahria University Scholarship Policy has been framed with an objective to assist students with their educational expenses. The University aims to provide equal opportunity to all students in attaining their goals/targets regardless of their financial position. Every year the University allocates funds from its own resources in its budget exclusively for awarding scholarship to the students belonging to under privileged class. The hostel contact numbers are 0300-8550097 and 0321-8550097. In addition to above, parents/guardians may arrange accommodation on their own in private hostels.

**Health Care**
Health Care facilities have been set up at all campuses of Bahria University. They are manned by Medical Officers and their staff and provide medical assistance, OPD treatment and temporary hospitalization to students in case of need.

**Partnership in Learning**
It is the University’s endeavour to set out general principles of partnership between the University and its students, so that both can work to get the best. This includes specifying objectives and standards for all University services offered to students and identifying principles which a student should adopt for the relationship to be mutually beneficial. A summary of the main responsibilities of this “Partnership in Learning” is given below so that you can get a flavor of the kind of commitments and principles that we will follow in order to give you the best learning experience that can be achieved.
To this end the University will:
Ensure that everyone who can benefit has the right to higher education. Students will therefore be treated fairly and on merit, in line with best equal-opportunities practice. Provide quality education that will enhance the intellectual ability, practical skills and career prospects of each student. The University will, wherever practicable, provide students with choice within their academic programs.

- Provide accurate and up-to-date information about its courses, methods of assessment, type of teaching and services.
- Supply a detailed statement about the curriculum being followed by its students and will provide a comfortable and well-equipped learning environment.
- Provide suitable support and guidance services which include personal counseling and career advice.
- Involve students in the decision-making process regarding academic matters through a process of evaluation based on feedback received on a regular basis from students.
- Maintain independent and impartial procedures for dealing justly with appeals, complaints and redress.

To that end the students will:
- Take advantage of the educational opportunities available to them by taking part in seminars, tutorials and group projects.
- Engage other students and teaching staff in intellectual debate and inquiry.
- Respond appropriately to course work deadlines, and other assessment requirements.
- Conduct themselves as per University norms in such a way as to ensure opportunities for all students to take part in University life, through adherence to the Code of Conduct.
- Contribute via their representatives towards the improvement of courses, syllabi and curriculum.

Internship (Shadowing Project)
Internship program helps students to become acquainted with prospective employers. Minimum period of internship is six weeks for graduating students of Bachelor/Masters programs. The students must meet the following requirements, before they can be recommended by the respective institutes for Internship:

- Bachelor and Master students should have completed at least four and two semesters respectively.
- The CGPA of the students at the end of the above periods should not be below 2.00 for Bachelors and 2.50 for Masters.

The students are expected to work on a project during the internship and submit a report at the end of it. The report is to be submitted to the institute for evaluation and award of a grade or acceptable/unacceptable status depending on its quality. Reports received without certificate from the organization in which internship was carried out, will not be evaluated. Procedure/duration of internship may vary according to institute’s specific requirements.

Prime Minister’s National Laptop Scheme
The Government of Pakistan has initiated a national program for distribution of laptops to young and bright students studying in public sector higher education institutes (HEIs) across the country. The scheme is part of the Prime Minister’s Youth Programs for FY2013-14. The Higher Education Commission (HEC) of Pakistan is the executing agency responsible for developing criteria, mechanism, modalities and a road map
for procurement and distribution of laptops under this scheme. The scheme has been designed with an objective to make the whole process from eligibility criteria to final list of selected candidates very transparent and is publically available on HEC Website.

Distribution of laptops is envisioned to bring a paradigm shift in the current education and research culture in the country. In this information age, personal computing devices, like a laptop, is a must especially for students at higher education level. Keeping this reality in consideration and realizing the limited number of laptops availability for the program, HEC’s preference is to give these laptops to those who are at the beginning of their academic years as to avail maximum benefits from this initiative.

Till February 2015 a total of 1,153 Laptops and Evos are distributed among the students of Bahria University, who are enrolled in Master, Mphil & PhD programs. The distribution of Undergraduate Students has also been completed. Keeping in view the importance of involving students for civic engagement, Bahria University has made it compulsory for every student enrolled in undergraduate program to serve the community for 40 contact hours, which makes one week of active student participation, any time during his/her entire degree program. The Community Support Policy has been implemented since Spring-2013. Multiple activities have been done so far by the students of BU in various fields of life to support the deprived class.
**Student Code of Conduct**

Integrity and honesty are the prime ingredients of any institution of higher learning and form the character building blocks of its students. The University strives for the highest standards of academic integrity and discipline prevalent at any reputable institution in the world. A “Student Discipline Committee” and various other measures regularly monitor the activities of the students. The Committee is empowered to take necessary measures for maintenance of standards in the institute pertaining to:

- Unauthorized use of the University’s name or logo.
- Harassment, sexual or otherwise, or intimidation of any member of the University community while on University premises or during University sponsored events.
- Coming late for classes.
- Improper/inappropriate dress.
- Horseplay, skylarking etc in cafeteria/common areas.
- Non-clearance of bills/dues.

**Dress Code**

Bahria University expects its students to be decently dressed at all times. Following is prohibited:

- Boys entering the University wearing shawls, slippers, shorts and shalwar qameez. Shalwar qameez or kurta can be worn on Fridays.
- Girls entering the University wearing jeans, tight trousers and blouses, sleeveless and cap sleeve shirts, without dupatta, slippers and flip flops.
Student Card
All Bahria University students are issued Student ID Cards. They are required to have their ID Cards displayed on their dress while in the campus. No student is permitted to enter the campus without the University Card.

Smoking
Smoking is strictly prohibited within the University premises.

Transport
Bahria University provides its students with transportation so that those living far can reach on time. This facility is available for most of the students on allocated routes at nominal charges.

Instructions for Candidates
ADMISSIONS

1. **Policy Statement**
   Bahria University (BU) welcomes all applicants qualified to achieve the University's laid down academic eligibility standards without regard to gender, race, creed, or age. Two percent seats are reserved for disabled persons.

2. **Admission Merit**
   Merit for admissions is announced on the basis of the entry test results, academic eligibility, qualification marks (Intermediate/equivalent or Bachelor's/equivalent), Admission Test, Interview score or performance in discussion forum (to check verbal skills). Admission / Enrollment in any program is limited to the number of students who can be accommodated. University reserves the right to cancel any program advertised due to insufficient number of applicants.

3. **Students Dropped from Bahria University**
   Students, once dropped from Bahria University on academic grounds, will not be admitted to Bahria University subsequently in the same program. Those dropped on disciplinary grounds are not eligible for re-admission in any program.

4. **How to Apply?**
   Admissions to Bahria University are advertised in the leading national dailies and on Bahria University website [www.bahria.edu.pk](http://www.bahria.edu.pk) in the month of Jun/Jul and Nov/Dec every year, except for Engineering programs which are advertised in Jun/Jul for Fall Semester (only one intake per year). Prospective candidates may apply for admissions through “online admission systems” by registering on [http://bahria.edu.pk](http://bahria.edu.pk). The admission procedure is described on page 52 for guidance.

5. **Academic year**
   Academic year at Bahria University comprises two regular semesters of 18 weeks each and one summer session of 10 weeks duration:

   - **Fall Semester:** 18 weeks (Sep-Jan)
   - **Spring Semester:** 18 weeks (Feb-Jun)
   - **Summer Session:** 10 weeks (Jun-Aug)

   Note: Fall and Spring are regular semesters. Whereas, Summer Session is offered for the benefit of those students who may want to improve their grades in any course provided 10 or more students register for the course. Such students will not be eligible for any awards of medals.

Submitting incomplete, false, or misleading information is considered as enough grounds for denial of admission and dismissal at any time.

Students awaiting results must ensure that they have secured minimum eligibility marks for the relevant program when submitting results with awaiting results status.

- For example student applying for BBA, submitting 1st year result must have at least 50% marks in 1st year.
- For Engineering Programs, they must have at least 60% marks in 1st year.
- Students, who have appeared in supplementary exams, submitting result under awaiting result status, must also comply with this condition.
- Students who have not appeared in supplementary exams are not eligible to apply.
- Students applying under result-awaited status must have appeared in the relevant papers, before applying for admission and they must provide an undertaking that they will meet the minimum admission criteria of the program they are applying in; otherwise, their admission will be cancelled. It is students’ responsibility to inform about the awaited result as soon as it is declared.
GENERAL ACADEMIC RULES

General
Academic Programs at Bahria University’s constituent units are run on semester system except Medical and Dental College which operates on annual system. Semester system is simply a different management of time during the academic year. Rather than holding the classes for one year with a summer break (as is done under the annual system), the semester system allows for two semesters to be offered in the Fall (Sep to Jan) and Spring (Feb to Jun). The duration of each semester is of 18 weeks, out of which 15 weeks are dedicated to teaching and 3 weeks are reserved for the mid-semester and final examinations. For Engineering Programs, there is only one in-take per year in Fall semester.

There are two regular semesters in one academic year (Spring & Fall). The duration of the Fall and Spring semesters is 18 weeks each. The university also offers summer semester of 10 weeks duration for the benefit of students to clear the failed courses or to improve their grade upto C+ if they have achieve ‘C’or ‘D’ grade in regular semester, provided 10 or more students register for those courses. Such students will not be eligible for award of Gold / Silver Medals at convocation.

Student’s performance in each course is evaluated on a continuous basis throughout the semester. Final grading for each course is based on quizzes, assignments, practical projects, term papers, class participation, mid-semester examination and final-semester examination.

Definitions:

Credit Hours
Credit Hour, means the unit measuring educational credit, usually consisting of one weekly period lasting approximately one hour. For practical work (other than Engineering programmes), the period duration is twice that of theory. A course timetable to run three hours each week will, therefore, usually carry 3 credit Hours of theory. For Engineering courses, one Credit Hour of practicals will be equal to 2 Contact Hours.

Department
A division of a faculty concerned with specific branch of instruction or study.

Discipline (A Subject Area)
A branch of learning or field of study.

Dual Majors
- Students, in all programmes (other than engineering and Medical), may simultaneously complete two Majors provided both Majors lead to the same degree and are being offered by the University. Dual majors will be allowed to register any time during the programme. The intention of taking the second Major must be indicated positively to the respective HOD through a formal written application. Upon receipt of the application, the HOD shall initiate the registration process, culminating in a formal Letter of Acceptance from the Deputy Director (Academics) of the Campus.
• Requests for registration for Dual Major will be entertained till promulgation of examination schedule of final semester. Processing fee equal to half of the Programme Admission Fee will be charged, which will not be refunded in case a student later does not register for the relevant courses.

• Registration for dual major will not earn any extension in the Time Bar limit. After “time Bar”, the student will get certificate and not the degree. The awards i.e. Gold and Silver medals will be decided only on the basis of single Major.

**Full Course Load**
Full course load is determined as given in respective course catalogue / road map.

**Over Load**
More than the required load of credit hours against which the requisite fee has been paid. The extra Credit Hours will be mentioned on transcript.

**Pre-Requisite**
A course that a student must complete before being admitted to another.

**Probation**
A period during which students must maintain a specified academic standing. Failure to do so can result in having to discontinue studies.

**Program**
A prescribed syllabus of study leading to a degree, certificate, or academic credential.

**Semester**
Either of the two main periods of instructions into which the academic year is usually divided. The Fall semester begins in September and ends in January, while the Spring semester begins in February and ends in June.

**Transcript**
An official copy of student’s academic record produced by the examination department.

**Course Registration**
Students are required to register courses for each semester. Course registration of the fres students is done automatically by the respective department. For subsequent semesters, the students have to go through registration process one week prior to commencement of the Semester.

**Class Attendance**
One credit of theory is equivalent to one contact hour and one credit hour of practical/lab is equivalent to two contact hours. It is mandatory for every student to attend at least 75% of the contact hours, failing which he/she will not be allowed to attempt the final examination.
Schedule Adjustments

The University reserves the right to cancel any course due to less enrollment or non-availability of faculty. The University reserves the right to form new sections and adjust/transfer students to other sections at any stage of the course.

Grading System

Bahria University uses the following grading system to evaluate student performance. Total marks obtained in a single course will be rounded to nearest whole number.

Minimum CGPA for the Award of Degree
At Bahria University for undergraduate degree program the minimum CGPA is 2.0/4.0 to qualify for the award of degree. For Masters Degree program minimum CGPA is 2.5/4.0 to qualify for the award of degree.

For 4 years undergraduate programs
A maximum of three probations and one chance shall be allowed during the entire program. In case the CGPA of a student falls below 1.5/4.0 or the student fails to improve CGPA to 2.0/4.0 or above, after availing three probations and one chance, the student shall be dismissed from the program.

For 2 years graduate programs
A maximum of two probations and one chance shall be allowed during the entire program. In case the CGPA of a student falls below 1.5/4.0 or the student fails to improve CGPA to 2.0/4.0 or above, after availing two probations and one chance, the student shall be dismissed from the program.

For 1½ years graduate programs
A maximum of one probation and one chance shall be allowed during the entire program. In case the CGPA of a student falls below 1.5/4.0 or the student fails to improve CGPA to 2.0/4.0 or above, after availing one probation and one chance, the student shall be dismissed from the program.

Honour
Students achieving high academic standards are awarded Honours upon completion of their degree requirements. Honours designations are indicated on the transcript. Medals and Merit Certificates are awarded to the students at the convocation ceremony.

Rector’s Honours List
In every semester, the students achieving a CGPA of 3.5 or more will be mentioned in the Rector’s Honours List. The Honours List will be displayed on the University website and the Campus notice boards.

Graduation Time Frame and Degree Requirement
The Duration of a degree programme will commence from the first day of the commencement of first semester classes. Students completing all the requirement as per road map for the award of degree in their respective disciplines will be awarded the degree. Maximum time limit for degree completion is 1.5 times the regular programme duration as per table given below:

Freezing of Semester

Students are allowed to freeze their semester due to illness or circumstances beyond their control by giving a written application on prescribed form. Applicable conditions are given in student hand book.

The aforementioned maximum time-limits for a particular degree programme shall include all cases of semester freezing, dropping, rustication, or any other unavoidable contingencies. Any further relaxation beyond the above mentioned time limits shall be referred to the Rector for approval in exceptional cases only. However no student, exceeding the above mentioned time limits will have any legal claim for further extension or award of degree.

The name of the students shall be struck off the roll of BU on completion of the maximum permissible time duration of their respective degree programmes.
ENTRANCE TEST INSTRUCTIONS

1. Fill in your personal data very carefully and correctly i.e. application no., name, and program.
2. Write Application No. in four digits e.g. 0001 (Application No. 1).
3. For example if your name is Asif Khan, fill the circles as shown at next page.
4. Use 2B Pencil. DO NOT USE ink pens, ball points or flat tip pens.
5. Marking answers (on Test Sheet).
   - For every question in the question paper four choices of answers are given.
   - Please mark your choice by filling in the appropriate circle completely, making it a dark circle as shown below.

   ![Marking Examples]

6. Some examples of improper making are shown below:

   ![Improper Marking Examples]

7. The computer will mark improperly filled circles as wrong answers
8. Do not mark more than a single circle for an answer choice. Multiple answers for a question will be regarded as incorrect.
9. If you need to erase your answer, do so clearly / cleanly using good quality eraser.
10. Do not bend or fold your answer sheet, do not make stray marks and do not mark any area outside provided circles.
11. Use your time efficiently and at a premium. Do not spend too much time on one question, you may run short of time for other questions. Perhaps you can return to your left over questions later on if you have any time left.
12. Write your Question Paper BOOKLET NO on the column given.
13. Do not write elsewhere. RETURN COMPLETE QUESTION BOOKLET AND ANSWER SHEET on completion of exam.
14. You are NOT ALLOWED to take away any part of QUESTION BOOKLET/QUESTION PAPER or note questions elsewhere. Non-compliance will be regarded as cheating, resulting in termination of exam.
15. You are NOT ALLOWED to carry any device which could assist in calculation e.g. Calculator, Tables, Watches, and Mobiles etc.
16. There is no negative marking.

Note: The passing %age of all entry tests is 33%
